*Children's Mercy is an equal opportunity/affirmative action employer
and a United Way agency.*

09/06

services

We provide pre-adoption counseling through a telephone conference call or an office visit. Counseling will provide a greater understanding of potential medical issues through a review of the prospective child's medical records including photograph and/or videotapes

Fees vary and are payable by parents at time of service.

We provide a post-adoption clinic on Monday morning twice per month. A clinic visit will provide a comprehensive medical evaluation focusing on

- Disease screening (hepatitis, HIV, tuberculosis, etc)
- Immunization status
- Growth
- Development

Services billable to insurance

THE TEAM

Infectious Diseases Section staff members coordinate a multidisciplinary team, including specialists from:

- Pediatric Infectious Diseases
- General Pediatrics
- Developmental and Behavioral Pediatrics
- Nutrition
- PT/OT
- Social Work
