PURPOSE AND TARGET AUDIENCE

COURSE OBJECTIVES

ACCREDITATION

AMERICANS WITH DISABILITIES ACT

If you have needs addressed by the Americans with Disabilities Act, requests for assistance or accommodation should be received at least five working days prior to this educational offering.

Children’s Mercy Hospitals and Clinics is accredited by the Missouri State Medical Association to provide continuing medical education for physicians. Children’s Mercy Hospitals and Clinics designates this educational activity for a maximum of 5.5 AMA PRA Category 1 credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Application has been made to ASRT for 5.5 Category “A” credit hours.

This educational activity has been awarded 5.5 nursing contact hours.

Children’s Mercy Hospitals and Clinics is an approved provider of continuing nursing education by the Missouri Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Each nurse will only be awarded contact hours he/she spent in the educational activity. Name and other requested information must be entered on the attendance roster and an evaluation form must be completed at the end of the program in order to receive contact hours.

HOTEL INFORMATION

At the completion of this course the attendees should be able to:

• Explain the importance of radiation dose reduction in children.
• Describe imaging techniques and alternate exams to keep doses as low as reasonably achievable.
• Describe the utility of radiographic exams in the workup of common pediatric illnesses.
• Interpret non-complex radiology studies commonly ordered and read in a clinical setting.
• Apply new, state-of-the-art imaging techniques used in the work-up of complex pediatric illnesses.
PURPOSE AND TARGET AUDIENCE
This program is designed to provide primary care physicians, pediatricians, family medicine physicians, nurse practitioners, physician assistants, radiology technologists, nurses and trainees with the latest imaging techniques for workup of common pediatric diseases and to introduce state-of-the-art imaging and research.

COURSE OBJECTIVES
At the completion of this course the attendees should be able to:
• explain the importance of radiation dose reduction in children
• describe imaging techniques and alternate exams to keep doses as low as reasonably achievable
• describe the utility of radiographic exams in the workup of common pediatric illnesses
• interpret non-complex radiology studies commonly ordered and read in a clinical setting
• apply new, state-of-the-art imaging techniques used in the workup of complex pediatric illnesses.

ACCREDITATION
Children’s Mercy Kansas City is accredited by the Missouri State Medical Association to provide continuing medical education for physicians. Children’s Mercy Kansas City designates this live educational activity for a maximum of 6.0 AMA PRA Category 1 credits. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This educational activity has been awarded 6.0 contact hours.

Children’s Mercy Kansas City is an approved provider of continuing nursing education by the Missouri Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Each nurse will only be awarded contact hours he/she spent in the educational activity. Name and other requested information must be entered on the attendance roster. Participants are encouraged to complete a post-program evaluation.

Application will be submitted to ASRT for 6.0 hours of Category “A” credit.

AMERICANS WITH DISABILITIES ACT
If you have needs addressed by the Americans with Disabilities Act, requests for assistance or accommodation should be received at least five working days prior to this educational offering.

2345 McGee St.
Kansas City, Mo 64108
$138/Night

Please call 1-800-325-3535 and refer to Pediatric Radiology Symposium when making your reservation.
PROGRAM AGENDA
Saturday, April 26, 2014
7:30 a.m. to 3:15 p.m.
Children’s Mercy Hospital

8 a.m. Welcome and Opening Remarks
Doug Rivard, DO, Chair, Pediatric Radiology

8:05 a.m. Image Gently: What Should You Tell Your Patients about Radiation Exposure?
Nima Kasraie, PhD

8:40 a.m. Imaging the Child with Abdominal Pain
Steven Welch, MD

9:05 a.m. Acute Neuro Imaging: How and When to Image Headaches, Seizures and Trauma
David Nielsen, MD

9:30 a.m. Pediatric Fractures
Brenton Reading, MD

9:55 a.m. Coffee break / Posters / Meet the Faculty

10:20 a.m. Chest Film Interpretation in the Clinic Setting
Emily Kucera, MD

10:45 a.m. Ultrasound: When is it the Best Test?
Laura Dinneen, MD

11:0 a.m. Imaging Work-Up of Hydronephrosis
Stephanie Bolger Theut, DO

11:35 a.m. Imaging Suspected Child Abuse
Lisa Lowe, MD

12 p.m. Lunch and Breakout Sessions

12:15 p.m. Outreach Radiology: How to Get a Children’s Mercy Pediatric Radiology Consultant in Your Clinic or Hospital

12:30 p.m. Sedation, Nursing and Child Life: Unique Support Staff in the Pediatric Radiology Department

12:45 p.m. Technologist Sessions: Understanding Strategies and Techniques for Imaging Pediatric Patients

1:15 p.m. What’s the Best Test? Interactive Session
Kristin Fickenscher, MD

2 p.m. State-of-the-Art Session: What’s New in Pediatric Radiology?

2:15 p.m. Neurology – Tim Zinkus, MD

2:30 p.m. Musculoskeletal – Brian Dunoski, MD

2:45 p.m. Body/PET/CT – Neil Mardis, DO

3 p.m. Fetal – Kristin Fickenscher, MD

3:15 p.m. Cardiac – Josh Knowlton, MD

3:30 p.m. Interventional – Doug Rivard, DO

3:45 p.m. Questions

4 p.m. Adjourn
