WHAT’S NEW IN PEDIATRIC EMERGENCY AND URGENT CARE MEDICINE

Presented by
Children’s Mercy Kansas City

Children’s Mercy Hospital
Adele Hall Campus
2401 Gillham Road
Kansas City, MO 64108

SATURDAY, Nov. 1, 2014
PURPOSE AND TARGET AUDIENCE
Pediatricians, Family Practitioners, Emergency Medicine Physicians, Nurse Practitioners, Physician Assistants, Residents, Nurses, Paramedics, and Emergency Medical Technicians

COURSE DESCRIPTION
Urgent and emergent care for children occurs in a variety of settings. These settings can include the scene of injury or illness, the community hospital and the urban children's hospital. This conference will address several topics integral to the care of childhood emergencies. Participants will hear presentations from Children's Mercy faculty and staff, as well as participate in small interactive groups and simulation scenarios. Question and answer opportunities will be available during periodic breaks and lunch.

COURSE OBJECTIVES
• Outline the evidence-based guidelines for the management of severe sepsis/septic shock.
• Describe the implementation process of CPGs into emergency/urgent care clinical practice.
• Discuss whether mechanism of injury accurately predicts injury severity in pediatric patients.
• Discuss the role of emergency/urgent care providers in advocating for improved adolescent health.
• Differentiate the detox management of the three new designer drugs seen today.
• Identify current trends in the treatment of pediatric deep musculoskeletal infections.

ACCREDITATION
Children's Mercy Hospital is accredited by the Missouri State Medical Association to provide continuing medical education for physicians.

Children's Mercy Hospital designates this live educational activity for a maximum of 5.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This educational activity has been awarded 5.5 nursing contact hours.

Children’s Mercy is an approved provider of continuing nursing education by the Missouri Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Nurses should only claim those contact hours actually spent participating in the educational activity. Name and other requested information must be entered on the attendance roster. Participants are encouraged to complete a post program evaluation.

EMTs in Kansas: Issued by Children’s Mercy. Certification: BLS/ALS. Level of training: BLS/ALS. This program is approved by the Kansas Board of Emergency Medical Services for 5.2 hours of CE. PP#3144.

EMTs in Missouri: Issued by the Missouri Department of Health and Senior Services Bureau of Emergency Medical Services. Certification: BLS/ALS. Level of training: BLS/ALS. This program is approved by the Missouri Bureau of Emergency Medical Services for 4.3 hours of CE. 09521C.

OBJECTIVES FOR AFTERNOON BREAKOUT SESSIONS INCLUDE:
• Demonstrate the initial stabilization process in a deteriorating pediatric patient.
• Demonstrate effective, evidence-based strategies for splinting acute injuries.
• Examine the parent/caregiver and health care provider perspectives regarding special needs of chronically ill patients/families.
• Discuss non-invasive analgesic methods to help children cope with procedure-related pain.
• Demonstrate a variety of suture methods used to treat pediatric lacerations.
• Explain the roles of the multidisciplinary team members in the resuscitation management of a critically ill child.

AMERICANS WITH DISABILITIES ACT
If you have needs addressed by the Americans with Disabilities Act, requests for assistance or accommodation should be received at least five working days prior to this educational offering.
PROGRAM AGENDA
Saturday, November 1, 2014
9:00 a.m. to 5:00 p.m.
Children’s Mercy Hospital

9:00 a.m. Registration and Coffee
