

# MAKING IMPROVEMENTS WITHIN OUR COMMUNITIES

## WHAT WE IDENTIFIED

## PROGRESS WE'VE MADE

### 2.1

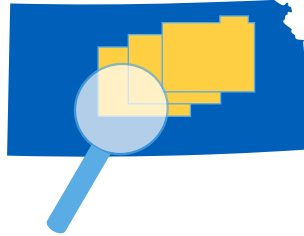

Collaborate with community agencies to establish a coordinated, high-quality, measured home visitation system for the metropolitan area\*

\*Strategy 2.1 has been amended to better identify how we intend to address Injury and Safety efforts in the community

### 2.2

Advance trauma-informed education efforts throughout the community

### 2.3

Advance trauma-informed care delivery and education through the Council on Violence Prevention and respective workgroups

### 2.4

Strengthen investments in violence and injury prevention efforts and services

### 2.5

Reduce unintentional injury through the continued development of the Center for Childhood Safety

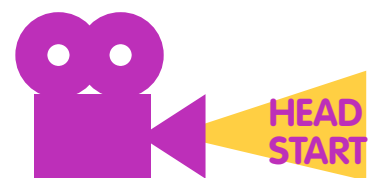

### 2.6

Continue to provide public policy leadership to initiatives that promote improvements in childhood injury and safety
