

Is Your Home Healthy?

Participate in the Children's Mercy Healthy Home Program to find out!

Your participation includes:

- Healthy Home consultation from one of our specialists
- Healthy Home resources and books

Some families may be offered a Healthy Home Assessment which includes:

- General indoor air quality check-up
- Air moisture assessment
- Dust and allergens assessment
- Safety and injury prevention check-up
- Customized Healthy Home action plan

To enroll, call the Children's Mercy Hospital Center for Environmental Health at:

(816) 302-8565

or visit us on the web at: www.childrensmercy.org/CEH
