

CAREER PASSPORT

Internship Program

Are you at least 16 years of age?

Have you received care at Children's Mercy for a chronic health condition or disability?

Are you interested in an internship at the hospital to gain valuable work experience?

Project RISE (Reaching for Independent Successful Employment) presents the Children's Mercy Career Passport Program, an opportunity to explore career choices and gain valuable work experience through paid internships at the hospital. Project RISE is a program at Children's Mercy that provides employment and volunteer opportunities, as well as career guidance to individuals with a disability or health condition.
