- Three Letters of Reference

ESSAY RESPONSE:

Please choose one of the following questions:

1. Children's Mercy Hospital is consistently striving to be the best for our patients, which requires continuous improvement and change. Why are continuous improvement initiatives valuable for healthcare organizations? What are the key elements to leading a change process? Please describe a time that you led or participated in a continuous improvement project or process.
2. Children's Mercy is committed to diversity, equity and inclusion and advancing equitable health outcomes for children. What strategies should the hospital consider to further advance this work? Please describe past experiences that would enable you to contribute to that work.
