|                      | Coordinator               |  |  |

# QUORUM INFORMATION

**Number of SAFETY members on the roster:** 7

# **GUEST NAMES**

No guests at this meeting.

Conflict of Interest (COI): Chair reminded the Committee to declare any COI.

#### **Previous Meeting minutes approved:**

A motion to approve was made and seconded. The motion passed with 6 votes in favor, 1 absent.

# BIOSAFETY COMMITTEE UPDATES

#### 1. Biological Safety Officer (BSO) Updates

The BSO shared highlights from a recent biological safety conference. He noted that the primary topic of discussion was the impact of the government shutdown, which resulted in limited attendance by federal employees. Consequently, there were no policy updates.

#### 2. Office of Research Integrity (ORI) Updates

The Associate Director, IBC reported that the NIH Office of Science Policy's IBC self-assessment has been completed and will be presented at the December 11, 2025 meeting.

### REVIEW OF SUBMISSIONS

3. None.

#### REVIEW OF OTHER AGENDA ITEMS

4. Review of Minors in Research Labs Policy:

| Description:         | Initial documentation/publication.   |
|----------------------|--|
|                      | The Children's Mercy Research Institute is committed to providing educational opportunities, when they arise, to high school students participating in officially sanctioned educational programs. Principal Investigators are allowed to have high-school students perform work in a laboratory with appropriate training and monitoring. This policy establishes clear guidelines for the participation of minors (individuals under the age of 18) in research laboratory environments at the CMRI, ensuring their safety and compliance with institutional, legal, and regulatory standards. |
| Document for review: | MinorsResearchLabs_09102025.docx   |
| Relevant Policies:   | <ul> <li>Requirements for Educational Participation of Students<br/>and Observers at Children's Mercy Hospital Policy</li> <li>Visitor Injury or Illness Policy</li> </ul>   |
| Notes:               | The BSO reported that the policy on minors in research laboratories has been sent to General Counsel for review. The Committee will wait for their assessment before completing its review. Once feedback is received, the policy will be distributed via email for Committee review and vote.  Action Item: BSO to contact the Policy Manager to provide process updates.   |

| The Associate Director, IBC asked if there were any changes to address.  |
|--|
| A member noted comments were added regarding Occupational Health and steps required prior to a minor entering the laboratory.  |
| Another member asked if additional training will be provided for PIs with minors in the laboratory. The BSO agreed this is a good suggestion and will explore options. The minor will still complete standard IBC required training, and PI training may be conducted in person. |
| Discussion occurred on whether UV light should be considered a hazard. The BSO confirmed it can be and will be listed as such.   |

5. Review of Refresher Training: Entering Reviewer Comments:

|              | 0 0   |
|--------------|---|
| Description: | The IBC Associate Director will be providing a refresher        |
|              | training on how to enter reviewer comments within a protocol.   |
| Notes:       | The Associate Director, IBC provided guidance on how            |
|              | members should enter reviewer comments in the mySafety          |
|              | electronic system and outlined expectations for completing this |
|              | process prior to the IBC meeting.                               |

ACKNOWLEDGMENTS SECTION

The following items were approved outside of a convened IBC meeting. The Committee reviewed and acknowledged the following items during this meeting.
